

Access Statement For Glebe Farm Apartments

Introduction

Glebe Farm Apartments are all on the ground floor and offer no location problems for those with difficulties. In this statement we are trying to give a fair representation of what our guests should expect.

Pre-Arrival

Visitors can book a stay with us either directly by the telephone or e-mail, or through brochures we advertise in. Some brochures contain websites that keep bookings up to date allowing potential guests to view vacancies in each apartment.

We are on a bus route that runs a few times a day depending on season.

The nearest Train station is 7 miles away at Market Rasen.

After making a booking we will contact you within 24hours to confirm details and post a confirmation with mini brochure. In the 48hrs proceeding your arrival we will contact you to clarify final details of keys etc.

On Arrival

There is ample car parking that surrounds the apartments and each apartment can be accessed within inches by car. We live on an adjacent property and pop round to welcome you after we see you have arrived to answer any queries you may have.

The Apartments

There are no steps into or in the apartments. The door step in is only approx 3cm and ramps are available on request if needed. All doors are a minimum of 80cm wide. Each apartment consists of a lounge/kitchen, a double bedroom and a shower room. Some apartments are En-suite. Each kitchen area has all that is required for a self catering holiday, fridge, 2 ring hob, grill microwave and utensils.

Each apartment has a Tv/Dvd.

There is in addition a large kitchen area that is open for the use of all guests. Here you will find a washing machine, tumble dryer, ironing facilities, full oven should you require.

All linen is provided for you and any guests on a longer stay are provided with 2 sets of linen for them to change at their convenience.

Grounds

All grounds are available for guests to enjoy. Here is a large fishing lake with grassed areas for all types of leisure. The fishing is free to guests and the lake is well stocked with coarse fish. There is ample area for dog walking. Poop scoops should be used in the areas where other guests may wander.
